DocPoint Solutions Hires Mark McGovern as Sales Engineer

Fulton, Md. – May 14, 2008 – DocPoint Solutions, a new subsidiary of Quality Associates, Inc., focused on providing Microsoft SharePoint to organizations that are looking to expand employee collaboration and increase the exchange of information, announced the hiring of Mark McGovern as Sales Engineer. In this newly created position, McGovern will oversee the implementation of software, including electronic content management (ECM) solutions, and will serve as the day-to-day technology resource for DocPoint Solutions' clients.

Previously, McGovern was the Director of IT at Havas, one of the world's largest advertising and media agencies. McGovern was responsible for the information systems at the North American headquarters of Havas in Murray Hill, New Jersey, which oversaw tax, accounting and treasury services for the company's locations throughout North America. Prior to that, McGovern served as a network administrator at Havas. Earlier, McGovern served in network administration and IT roles at companies that included Circle.com. McGovern was also the owner and president of Patapsco Technology Solutions, a technology consulting firm in Maryland.

Bob Dickerson, Vice President, DocPoint Solutions, said, "Mark brings an excellent mix of business expertise as well as strong working knowledge of IT systems and software. Further, Mark is well qualified to consult with clients regarding their specific business needs and IT resources, whether they are a county government with one or two locations, a large federal agency with multiple sites across the U.S., or a corporation looking to take the next step in enabling workforce collaboration and information sharing."

"By being the first subsidiary of Quality Associates, Inc., DocPoint Solutions builds on the company's strong foundation and excellent track record of successful technology deployment for

digital document management and archiving,” McGovern said. “I am thrilled to be joining DocPoint Solutions as the company begins to grow and starts to bring advanced -- yet highly useable -- customized collaboration solutions to organizations based throughout Maryland, Washington, D.C., Virginia and Delaware.”
