

# DocPoint Solutions Wins Fourth Consecutive Nintex Partner Award for Business Excellence

**Fulton, Md. – July 25, 2018 – DocPoint Solutions, Inc.**, (DocPoint), a Konica Minolta company specializing in consultation and architecture planning and design for Microsoft® SharePoint® and its integrated suite of products, is pleased to announce it has been named a winner in the 7th Annual Nintex Partner Awards within the Business Excellence category. DocPoint was recognized for promoting the value of the Nintex Platform and driving customer success with the platform's intelligent process automation capabilities.

"Nintex is honored to recognize DocPoint Solutions as a winner in the 2018 Nintex Partner Awards," said Nintex CEO Eric Johnson. "Our success is in large part due to our top partners who are leaders in their respective fields and are helping public and private sector organizations successfully automate, orchestrate and optimize their most sophisticated business processes with the Nintex Platform."

As the world's largest Nintex reseller and integrator, DocPoint has the ability to provide customers with powerful and efficient enterprise content management (ECM) systems that include Nintex's Workflow and Forms solutions. DocPoint's deep knowledge of the Nintex on-premises and cloud services platform, combined with its national SharePoint practice servicing public sector and commercial customers, has led to this unparalleled achievement for both sales and service. In addition, as a Nintex certified trainer, DocPoint is able to develop and deliver customized in-depth training to customers. Whether using SharePoint or Office 365, customers can maximize their ECM investment while automating business processes, realizing new efficiencies, improving productivity and streamlining collaboration.

Scott Swidersky, president, DocPoint Solutions, said, "We are honored to receive the Nintex Partner Award for Business Excellence for a fourth time. With some companies, partnership is nothing more than a reseller relationship. But with Nintex, we
