

PROCESS EXCELLENCE WORKSHOP

THURSDAY, DECEMBER 12 • 8:30 AM - 1:00 PM

INTERACTIVE WORKSHOP

Processes are at the heart of every organization. While they may not be written, organized, or approved, they are there. And if they haven't been properly defined, captured, and managed, then it is difficult to know what the business is doing—and that will impact the bottom line.

Process excellence is what makes the difference in thriving businesses. Join Nintex and the DocPoint Solutions (a Konica Minolta Company) team for this hands-on, interactive session to learn how you can use the Nintex Process Platform to map and manage your processes independently or leverage the entire Nintex solution (workflow and forms, electronic signatures, RPA and more) for business process transformation.

Nintex is the process platform of choice for hundreds of organizations around the world, including Toyota, McDonald's, Coca-Cola, and Audi.

In this workshop, get firsthand experience on how you can simplify process management:

- Understand key process elements
- Learn how to create engaging processes
- Learn how to automate a process with a few mouse clicks

Bring your laptop. Office 365 Tenant and Nintex Trial downloads provided.

AGENDA:

- 8:30 Welcome attendance registration – continental breakfast
- 9:00 Introductions
- 9:10 DocPoint Solutions introduction to content management
- 9:20 The Nintex Story and Process Market Landscape
- 10:00 Nintex workshop – participation with your Laptop!
 - Interactive sessions using Nintex demo environment
 - Build workflows & forms
 - Case study examples
- 12:00 Working box-lunch and demonstrations
 - Nintex RPA (Robotic Process Automation)
 - Ephesoft Capture scan/extraction using Nintex Workflow Cloud
- 1:00 Closing statements – end
