DocPoint Solutions Wins 2020 Nintex Partner Award for Business Excellence

Fulton, Md. – July 15, 2020 – **DocPoint Solutions, Inc.**, (DocPoint), a Konica Minolta company specializing in consultation and architecture planning and design for Microsoft® SharePoint® and its integrated suite of products, is pleased to announce it has been named a winner in the 2020 Nintex Partner Awards within the Business Excellence category. DocPoint was recognized for its proven ability to accelerate digital transformation and results for organizations across industries by leveraging the easy, powerful, and complete capabilities of the Nintex Process Platform.

"We're excited to recognize DocPoint Solutions as a winner of the 2020 Nintex Partner Awards," said Nintex CEO Eric Johnson. "Thanks to channel partners, like DocPoint Solutions, more people are benefiting from valuable automation like digital forms, workflow, RPA, and eSignatures to improve business processes."

As the world's largest Nintex reseller and integrator, DocPoint provides customers with powerful and efficient enterprise content management (ECM) systems that include Nintex's Workflow and Forms solutions. DocPoint's deep knowledge of the Nintex on-premises and cloud services platform, combined with its national SharePoint practice servicing public sector and commercial customers, has led to this unparalleled achievement for both sales and service. In addition, as a Nintex certified trainer, DocPoint will develop and deliver customized in-depth training to customers. Whether using SharePoint or Office 365, customers can maximize their ECM investment while automating business processes, realizing new efficiencies, improving productivity, and streamlining collaboration.

Other support services offered by DocPoint includes:

- **Pre-Migration Support**: DocPoint's experienced team will help your organization plan for migration by providing a systematic checklist of items to ensure that the migration goes well and does not disrupt end-users.

- **Migration Services:** DocPoint's team is well schooled in all versions of SharePoint for both on premise and cloud environments and can help simplify this portion of your business transformation strategy.

- **Nintex Workflow Cloud:** As organizations move to Software as a Service models, DocPoint's team can help maximize the investment into Nintex by integrating it with other business centric systems (Box, Salesforce, SAP and others) to further your business process transformation.

- **National SharePoint Practice:** All these services are managed by a large team of certified business analysts, presales engineers, developers, architects, and certified PMP's to help guide customers through all aspects of projects for on premise deployments, hybrid solutions and new cloud initiatives.

Scott Swidersky, president, DocPoint Solutions, said, "We are honored to have been recognized for a sixth time with the Nintex Partner Award in the Business Excellence category. With some companies, partnership is nothing more than a reseller relationship. But with Nintex, we can truly function as a system integrator partner. DocPoint Solutions, a Konica Minolta company, has hundreds of Nintex deployments in both the public and private sector. The partnership with Nintex has been a very strategic one ever since the launch of DocPoint in 2009. Together, we can offer a best-in-class, easy-to-use workflow, forms and process platform solution that helps our customers get more from their ECM deployment."

Organizations around the world are digitally transforming the way people work with the process management and automation capabilities of the Nintex Process Platform, including: Nintex Promapp® for process mapping; robotic process automation (RPA) with Nintex RPA; workflow automation, digital forms, and mobile apps with Nintex Workflow, Nintex Forms, and Nintex Mobile Apps; document automation with Nintex Drawloop DocGen®; and e-Signatures with Nintex Sign™ powered by Adobe Sign.
