

AUTOMATE YOUR CLOUD WORKFLOWS WITH CONFIDENCE

Introducing FedRAMP®-authorized Nintex Automation Cloud for Government

Thursday, April 11

8:30 am - 2:00 pm

ALX Penthouse

277 South Washington Street
Alexandria, VA 22314

DocPoint Solutions and Nintex invite you to an exclusive **in-person event**. Join us for a first-look at the groundbreaking FedRAMP-authorized version of Nintex Automation Cloud!

At this in-person workshop, be the first to:

- > See how Nintex FedRAMP authorization opens new automation use cases around citizen services, employee and contractor onboarding risk and regulatory compliance, case management and claims processing
- > Learn how Nintex promotes interoperability and compatibility between different FedRAMP-authorized cloud services
- > Find out how to leverage the benefits of cloud computing while complying with necessary federal government security standards

You'll have the opportunity to discuss your specific automation projects with DocPoint and Nintex experts.

Light breakfast and lunch will be provided.

Public transit and validated parking available.

SPACE IS LIMITED
